JASEEL K T
UI DESIGNER CUM DEVELOPER

PROFILE

UI Designer Cum Developer with 8 years of experience in HTML, CSS, Bootstrap, and JavaScript. Skilled in creating intuitive designs for web and mobile applications using Figma. Seeking to join a growth-oriented organization to enhance my professional and personal skills.

EXPERIENCE

Smart management it solutions | Qatar

UI Designer & Developer - 2017 to 2023, 2024 Feb to Present

- Implemented responsive and cross-browser compatible front-end code using HTML, CSS, and JavaScript.

- Collaborated closely with backend developers to seamlessly integrate UI components.

- Spearheaded the UI design process, creating visually appealing and intuitive user interfaces.

- Utilized prototyping tools (e.g., Adobe XD and Figma) to create interactive prototypes for user testing and stakeholder feedback.

- Iteratively refined designs based on user testing results and feedback.

- Conducted design reviews and provided constructive feedback to team members.

- Applied responsive design principles to optimize user experiences across various devices and screen sizes.

Pink Lemonade Communications Pvt Ltd | Bangalore

UI Developer - From May 2015 to Feb 2017

- Developed user interface designs using wireframes, mock-ups, and prototypes.

- Built functional websites using HTML, CSS, and JavaScript.

- Designed and developed WordPress templates.

- Prepared web templates using Adobe Photoshop.

- Performed day-to-day maintenance of websites.
